The year 2016 was crucial for CEIBS in taking steps towards becoming a world-class business school that delivers a combination of China depth and global breadth. The school established a sustainable pattern of development, with its teaching locations in Shanghai, Beijing, Shenzhen, Zurich and Accra seamlessly interacting and achieving great synergies. CEIBS made great progress, thanks, in no small part, to its considerable teaching and research capabilities that have been honed over the years.

In 2016, CEIBS remained the only business school in Asia to be featured on the *Financial Times*' Top 30 list of MBA, EMBA and Executive Education programmes. With a number of eminent scholars joining in 2016, its star-studded faculty has made CEIBS the centre of Chinese management theory, as well as a powerhouse of

corporate innovation and reform. At the same time, CEIBS has enhanced its standing as a new platform via which to keep a finger on the pulse of emerging developments.

In the years to come, the school will leverage the CEIBS E-Platform to engage its alumni around the world and gain access to global resources for programmes, mentoring, projects, incubation and investment. In this way, CEIBS can firmly establish itself as a driver of global innovation.

In the past year, the CEIBS Education Foundation gained the trust and support of alumni and friends from all walks of life. The Foundation is committed to marshalling an extensive array of resources and efficiently managing endowments, as well as implementing and monitoring donor-funded projects, with the

aim of pushing the school to the forefront of global management education.

In 2016, the Foundation received donations from 16 classes, two alumni chapters and alumni organisations, as well as from 1,453 individual students and alumni. Thanks to the donations for teaching and research projects, global reach, innovation and entrepreneurship, as well as new fundraising programmes, the school made much headway in attracting excellent applicants and conducting academic research. We would like to take this opportunity to express our deep gratitude to each of you for your unwavering support to the school. We invite you to read through the Annual Report, which tracks the progress of the CEIBS Education Foundation over the past year. The long Annual Giving List comprises

all contributions, from major gifts (mostly valued at tens of millions of RMB and earmarked for special projects) to micro-donations (tens of RMB) which are a token of appreciation to the school.

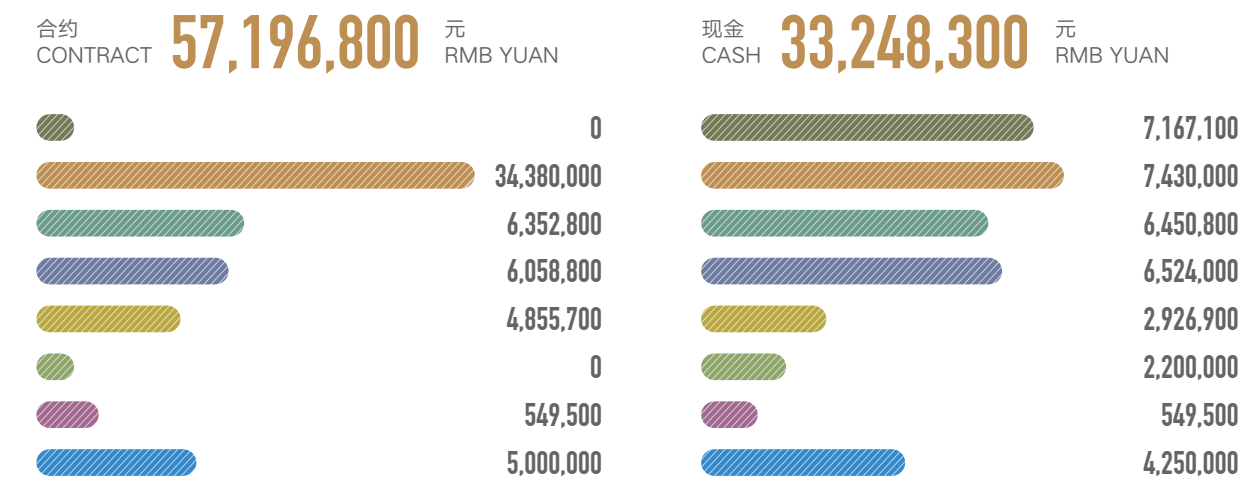

Each gift, no matter its value, is a symbol of the donor's hopes for the school. CEIBS makes its talent pool and research findings available to all, which in turn significantly boosts our development. Through the combined efforts of the CEIBS community, we can pursue a noble mission and together write another marvellous chapter in the school's rich history.

“滴水泉”捐赠项目

Di Shui Quan Talent Loan Project

为减轻学生读书期间的财务压力，中欧国际工商学院主导发起，并联合校友企业诺亚财富及财富派推出“滴水泉”公益金融贷款项目，号召校友们一起“滴水之恩，涌泉相报”。项目开创性地将金融工具与互联网技术相结合，搭建校友捐赠-助学贷款平台，向符合条件的中欧 MBA 学生提供低息助学贷款。2015 年 10 月项目启动并开始募资。出资支持项目的各位中欧校友、教授及员工爱心聚力，截止 2016 年 12 月，“滴水泉”已接受捐赠款项和出借款项总计超过人民币 1100 万元，首期滴水泉公益金融贷款惠及 67 位新生，包括 9 位国际学生。

实际上，对于有着广泛校友资源的中欧而言，不乏各方校友对学校的

支持。但如何能够让校友们的捐助可持续地帮助到有一时之难的学生，又可以降低捐助的门槛，从而让更广泛的校友可以参与到这一功在当代、利在千秋的公益事业中，才是解决问题的关键。

在模式上，“滴水泉”项目是公益而不是慈善，学生获得的是贷款而不是捐赠。既避免像银行教育贷款流程复杂、审批慢的痛点，又避免像 P2P 等互联网金融贷款产品利率高、还款压力大的问题。学生在读期间仅需归还少额利息而不需要归还本金。利息收入剔除必要的成本外，全部用作可能的坏账准备。这样既能保证学生负

担得起，又能激励他们通过认真学习、努力工作来偿还贷款，以便帮助以后新入学的学弟学妹。对愿意捐赠的校友来说，一方面是公益行为，一方面资金又可以得到循环使用，可以说这是真正意义上的公益创新。

在管理方式上，将公益助学这种过去大多只是爱心校友一己之力的行为，变成爱心校友的集体行动。且实现了 100 元也可以捐赠的超低门槛，化解了很多校友过去有意捐款但碍于可捐金额太小的心理负担，实现点滴之爱汇聚成湖，反哺之情长流常青的效果。

“滴水泉”项目创新性地进行了国内公益金融在教育领域的首次实践，其实际意义和示范效益同样丰硕。

Launched in October 2015, *Di Shui Quan*, a non-profit talent loan project, was initiated by CEIBS and established by Noah Holdings Ltd, a company run by a CEIBS alumna, together with its subsidiary Cai Fu Pai. The purpose of the project is to alleviate the financial burden on students.

By combining financial instruments with internet technology, the project facilitates fundraising from the CEIBS community through donations. It also supports the granting of low-interest loans to qualified MBA students, through a mobile and internet-based financial platform.

By December 2016, the project had received over RMB 11 million in donations and interest-free loans from alumni, faculty and other staff members. The initial *Di Shui Quan* loans were awarded to 67 students from the MBA Class of 2018, including nine international students.

Our extensive alumni network unflaggingly supports the school. *Di Shui Quan* is unique in not only ensuring a continuous stream of donations to subsidise students in need, but also by lowering the threshold for donations, to enable more alumni to participate in the public-welfare programme for the benefit of both current and future generations.

Applying for a student loan from a bank requires a complicated and lengthy approval process, while online finance platforms like P2P charge high interest that students struggle to repay. *Di Shui Quan* is not a charity, but a public-welfare project that offers loans, not donations, to students.

While they are studying, students only need to repay low interest rates, not the principle amount borrowed. Excluding the cost, the interest payments can be used to deal with potential loan defaults. The project makes loans affordable for students, and they are inspired to study and work hard to pay off loans, so new students can also benefit from the project. *Di Shui Quan* sets a milestone in innovative charity finance program. By donating, alumni are demonstrating their philanthropic spirit. The program is sustainable too, as the funds can be retained and reused. Another defining feature of the project is that it turns the act of donating to CEIBS for the benefit of students in need—largely an individual action in the past—into a collective experience. The RMB 100 threshold can ease potential concerns among some alumni that their contributions are too meagre. It also sustains a steady trickle of donations. A little bit of love can make a big difference.

Di Shui Quan is the first time the principles of public-welfare finance have been applied to China's educational sector. This initiative is setting the standard for future philanthropic endeavours.

目前 MBA 教育对国家经济发展的意义受到越来越高的重视。但不可否认，对于有一定管理经验，仍处在事业起步阶段的年轻人才来说，资金困难可能依旧存在。在每年拿到中欧录取通知书的学子中，总有一些优秀人才因为一时的经济困难放弃了来中欧深造的机会，这既是学生自己的损失，也是中欧的损失。让更多有志于商业管理的优秀人才能够在最有创造力的年纪接受 MBA 教育，让每一个有培养潜力的人才不因一时的经济困难而与中欧失之交臂，一直是中欧努力的方向。

“中欧 - 诺亚滴水泉项目”创新地依托校友捐赠与出借资金，搭建了助学贷款平台，成为中国第一个教育类的信托项目，在商学院中是一

次独一无二的尝试。在该项目实施之前，中欧只有约 30% 的 MBA 新生可以得到来自学院的资金支持。为了吸引更多来自全球的青年才俊，滴水泉项目仅仅经过两个月的筹备便成立并投入运行，以校友捐赠或出借的资金为基础，向符合条件的中欧 MBA 学生提供低息助学贷款。滴水泉项目使中欧在现有奖学金基础上，将财务资助惠及更多 MBA 学生，建立起助学资金长期可周转的方案。目前经过一年多的时间，滴水泉项目已经顺利完成目标，使 MBA 学生资助率翻倍。得益于每位校友的爱心奉献，中欧可以敞开怀抱欢迎各界精英人才，并为他们解决资金方面的后顾之忧，衷心感恩每一份支持。

The Chinese government has attached great importance to the MBA education, thanks to its potential to give a big boost to national economic development. Some young managers are still hard pressed to pay the MBA programme tuition fees. Every year, some of the excellent applicants who receive the offer to join the CEIBS MBA are forced to decline, due to financial constraints. This is a loss for both the students and for CEIBS. The school has made every effort to ensure excellent applicants could get MBA education at their most creative age, and that financial constraints don't deter promising talent from attending CEIBS.

As China's first educational trust project, the CEIBS-Noah Di Shui Quan set a precedent among business schools. Prior to the project, only 30% of CEIBS MBA intakes were subsidised with funds from the school. To attract a greater number of talented applicants from around the world, the project commenced after a preparatory phase of just two months. Donations or loans from alumni to the school

are used to provide qualified CEIBS MBA students with low-interest loans. Supplementary to the school's existing scholarship programmes, the project makes financial aid available to more MBA students, ensuring the sustainability of grants in the long run. In just over a year, the percentage of MBA students subsidised by the project has doubled. Thanks to alumni contributions, CEIBS is well equipped to recruit elite prospects from all walks of life and ease their financial concerns. For this, we owe a large debt of gratitude to CEIBS alumni.

1982 年我出生于湖北省宜昌市西部一个偏远山村，在那里生活成长到 2001 年前往哈尔滨上大学。2005 年从哈尔滨工业大学本科毕业之后，我加入了 LG 电子集团家电事业部设立于江苏泰州的冰箱生产基地。这里三年半的工作不仅让我获得了培训行业内领先的理念和经验，也让我获得了职业生涯的第一次晋升。这些都给我接下来的成长设立了较高的起跳点。2008 年底，我离开泰州来到无锡，加入了江森自控集团。2011 年，我来到上海，随后加入通用电气（GE）克劳顿维尔领导力发展中心。在这里，我不仅作为培训经理管理领导力课程，还担任中心全球认证讲师，负责讲授演讲、沟通、影响力、领导力基础等课程。

在这份别人眼中也许平淡无奇的履历中，我却走出了跟我祖祖辈辈完全不一样的人生道路。作为整个大家族第一个完成了高中以上学历的

农村娃，我能跳出面朝黄土背朝天、刀耕火种的“农”门，不仅得益于我的父母坚定而艰难地支持我完成大学教育，也得益于我这一路上遇到的许多为我提供帮助的命中贵人。

2000 年，我在离家 100 多里之外的县城读高中。因为拿不出 50 块钱的资料费交给学校，年轻莽撞的我决定偷偷退学外出打工，临离开学校的前一天晚上我向我的好朋友透露了这个消息并向他告别，他立即叫来了另外两个朋友，三个农村孩子从每个月仅有的几十块钱生活费中凑足了 50 块钱，并极力劝我放弃退学打工的愚蠢想法。

2001 年，面对哈工大的录取通知书和每年 4600 元的学费，我父母默默的开始卖口粮和为过年养的肥猪，又找亲戚朋友东家

30 块西家 50 块的一点点借钱，最终凑到了 2000 块钱。从未踏出过县城、从未坐过火车的我，只身怀揣着贴身缝在内衣里的 2000 块钱和盖着村委会大红章的一纸贫困证明，启程前往 3000 公里外的哈尔滨。

2015 年，我在太太的大力支持下决定完成一个 MBA 项目的时候，学费又成了我需要第一个考虑的因素。伴随中欧 MBA 录取通知书而来还有滴水泉的信息，滴水泉提供的资金不仅仅使我解除了后顾之忧，更重要的是它继续改变着这个农村娃的命运！

In 1982, I was born in a remote mountain village in the west of Yichang, Hubei Province. In 2001, I left to study at Harbin Institute of Technology (HIT). After graduating in 2005, I began to work at a refrigerator manufacturing centre set up by the LG Electronics Home Appliance Division in Taizhou, Jiangsu. Three-and-a-half years there made me proficient in the newest technical methods in the management training industry. It also helped me move up the career ladder for the first time, providing a springboard for my career development.

Having joined Johnson Controls in Wuxi, Jiangsu, in 2008, I came to Shanghai three years later to work at GE Crotonville Leadership Development Centre. While serving as a Leadership Training Manager, I became the Centre's globally accredited lecturer, in charge of

programmes like presentation, communication, influence and leadership basics.

Some may perceive this career progression as mediocre, but it means a great deal to me. I come from a family of field labourers and am the first in my family to put myself through secondary and tertiary education. I owe my success to my parents, who lived on the breadline to support me through college. I am also grateful to the many friends who have helped me tremendously along the way.

In 2000, I was in high school in a small town, 100km away from my hometown. Unable to afford the RMB 50 for course materials, I decided, on the spur of the moment, to drop out and find work. The night before I left the school, I told my friend about my decision and bade him farewell. He immediately called two

正是自己的这种经历，让我深刻体会到教育对改变贫困家庭孩子命运的重要性。我也深深地理解解贫困家庭孩子在求学路上所遇到的艰难，改变他们命运的也许就是那交不起 50 元资料费的那一刻。所以，从 2012 年开始，我开始寻找机会资助西部山区孩子完成学业。2012 年至 2015 年，我定向资助了一位就读于四川省凉山彝族自治州西昌二中的孩子完成高中教育。虽然这种资助因为 MBA 项目暂停了下来，但是短暂的中断一定会让我在未来有能力帮助更多贫困孩子改变他们的命运。

friends and together, these three village youth dipped into their monthly living allowances—tens of RMB each—to scrape together RMB 50 and convince me out of my ill-advised plans.

In 2001, I received the admissions letter from HIT. Faced with annual tuition fees of RMB 4,600, my parents sold food rations and the fat pigs they had raised for the Chinese Spring Festival, and borrowed money from relatives. After all that, they scraped together RMB 2,000, stitched it into my underwear and gave me a proof of low income certificate that bore the red seal of the village committee. Having never been away from my home town or even on a train before, I set out on my journey for Harbin, 3,000 kilometres away.

In 2015, with my wife's support, I decided to apply for the CEIBS MBA programme. After I received

the admissions offer, the huge tuition fee was again my major worry. Luckily, Di Shui Quan gave me a student loan, altering my path away from the one seemingly set for rural students.

This experience has taught me the valuable lesson that education can shape the destinies of children from poverty-stricken families. I am deeply aware of the hardships children from poor families experience in making it through school. Their destiny might be forever altered by not being able to afford RMB 50 in course materials. Since 2012, I have set out to financially support one child from a village in West China through school. From 2012 to 2015, I gave financial aid to a student from Xichang No. 2 Senior High School at Liangshan Yi Autonomous Prefecture in Sichuan Province. For now, I have had to suspend my financial support, due to the financial demands of the MBA programme. But after I graduate, I will be better placed to finance more poor children and empower them to change their own destinies.

如果问我人生的第一笔财富，那一定就是军人家庭所赋予的思想与价值观。我出生在一个南非军人家庭，父亲是一名海军军官。我还记得我第一次对南非以外的国家有切实的体会还是父亲作为南非驻美国大使馆外交官的时候，全家搬到了美国，由于父亲当时还在海军战争学院培训的关系，异国他乡的第一站便是罗德岛；后来由于父亲职位调动隶属于南非国防部的关系，全家又搬到了华盛顿特区。

如果问我人生的第二笔财富，那应该是对热爱的事物的执着与专注。我的大学是南非最古老的大学之一南非斯坦陵布什大学，那里也让我对“未来做什么”忽然有了一种无法压抑的冲动与坚定。我选择了会计、金融、税务与审计这些课程学习，毕马威是我毕业后的第一个公

司，在这里我不但成为了特许会计师（相当于 CPA），并顺利的通过了 CFA 所有科目的考试。随后，便来到南非约翰内斯堡的一家专注于兼并与收购的财务顾问公司做分析师，分析师的奇妙经历让我更深层次的理解与掌握了交易决策、金融建模和交易结构设计；在此期间，我获得了 CFA 持证资格。事业与生活本就是互通的，所有让人乐于挥霍的时间都不能算作浪费。我热衷于旅游，热衷于感受不同的文化所带来的乐趣。这种“不安分”为我的事业也带来了源源不断的灵感。我游历过亚洲许多国家，花了整整一个月时间体验了大半个中国。这次令人激动的游历让我对眼中的中国惊叹，对中国巨大的潜力有了更深的理解。

如果有一片土地给予了我们人生的转折，那一定是中欧的校园；如果有一种幸运让我们得以站在这座金字塔前，那一定是校友的帮助。在这里，每一堂课程都能与我们在现实中的苦苦求索产生共鸣；在这里，每一位师友都与我们分享着真挚的情感；在这里，每一个中国企业家的故事都激励着我们去探索人生的无限可能；在这里，我们得以真正认识自己，真正理解自己的所长所短、取舍得失，为属于我们的未来人生打下最坚实的基础。而所有的这一切，都离不开母校的关怀，更离不开校友们无私的支持和帮助。

同样也惊喜的意识到虽然中国是南非重要的合作伙伴，但两国之间并不是十分了解，南非与中国之间存在着无数可以合作的可能。通过这次游历使我确信真正的事业源泉其实在东方，在中国。于是我便为我的“中国—南非梦”着手准备。

如果问我人生的第三笔财富，那肯定是朋友，尤其是中国朋友。我要介绍一个重要的朋友“滴水泉贷款”，是它让我离梦想更加靠近，让我赢得了一个人生中很重要的机遇，没有滴水泉贷款，我不可能这么顺利的达成中欧的 MBA 之旅。

感谢中欧国际工商学院，感谢滴水泉贷款。让我在中国还不算长的时间里，深感荣幸的遇

The decision to study at CEIBS was a turning point in my life. Thanks to the support of alumni, I am now in a position to stand in front of the CEIBS Pyramid. At CEIBS, each course enlightens us and allows us to explore the business school. Each faculty member shares sharp insights with us. Stories of individual entrepreneurial success encourage us to leave ourselves open to life's limitless possibilities. At CEIBS, we have learned to put our strengths and weaknesses into perspective, to lay a solid foundation for our future development. None of this can be achieved without the school and the broad support of the alumni.

The values my military family has instilled in me are my most prized possession. I was born into a military family in South Africa. My father is a naval officer. When he served as a diplomat at the South African Embassy in the US, my family moved to the States. That was when I first gained a broad understanding of a country other than South Africa. As he needed to undergo training at the US Naval War College, his first stop on foreign soil was Rhode Island. Later, when he was transferred to an institution under the South African Department of Defense, we moved to Washington D.C.

Commitment to what I love is my second most valuable possession. At Stellenbosch University, one of the oldest colleges in South Africa, I studied Accounting, Finance, Taxation and Auditing. My college experience helped me carve out my career path. Upon graduation, I joined KPMG, where I qualified as

a Chartered Accountant (similar to a CPA) and passed all the CFA exams. Afterwards, I worked as an analyst at a financial consultancy that delivered M&A services in Johannesburg, South Africa. The experience gave me deep insight into trading decisions, financial modeling and trading structure design. It was during this time that I earned my CFA certification.

As professional career and personal life are interlinked, indulging one's hobbies cannot be considered a waste of time. I have a passion for travelling. I take great pleasure in exploring cultural differences. This wanderlust gives me an endless stream of inspiration. I have traveled around many Asian countries, even spending an entire month traversing the length and breadth of China. The exciting experience has left me in awe of China's stunning development and tremendous potential.

I am also aware that China is a significant partner for South Africa, and cooperation between our two countries opens up endless possibilities. Now, I am convinced the East, particularly China, will offer me a springboard to the next stage of my career. My dream is to facilitate cooperation between South Africa and China.

My friends, particularly the Chinese ones, are something else I deeply value. I consider Di Shui Quan one of my friends in China. It connects me with an important opportunity to take a step toward realising my dream. Without Di Shui Quan, I would not be able to pursue an MBA at CEIBS.

During my brief time in China, I feel honored to have made so many close friends and to have been elected Vice Chair of the MBA Student Committee. I owe a debt of gratitude to CEIBS and to Di Shui Quan.

中欧 MBA2015 级学生
刘吉管理教育助学金获得者
CEIBS MBA 2015
Beneficiary of Liuji Grant

“

大约七八年前，当我从北京师范大学英语系毕业时，就已经将读 MBA 列入了自己的人生计划之中。之后在外企工作的四五年对我来说只是一个准备的过程，我从来没有停止过为梦想而努力。2013 年，我顺利通过了 GMAT 考试和中欧 MBA 课程的面试，来到了心向往之的上海。梦想近在咫尺，唯有学费是一个沉重负担。我的家境普通，自己也刚工作没几年。直到我确定会接到录取通知了，才将消息告诉父母，当时的经济压力可想而知。

我决心要试一试各种机会，在中欧 MBA 的网站上发现了各种奖学金和助学金，经过权衡和思考，决定申请助学金。当时我并没有抱太多期望，但是幸运之神

最终眷顾了我，我获得了刘吉管理教育助学金。这笔资助可以为我减轻一半的学费负担。得到了这笔助学金，让我觉得自己应该比别人更加努力。

在为期 18 个月的中欧 MBA 课程学习中，我继续朝着自己的梦想迈进。中欧课程帮助我构建了一个完整的管理知识体系，让我感觉自己的视野和格局都发生了改变。我还结识了来自世界各地的同学，学会了与不同文化背景的人共事相处。

快毕业的时候，我在 BP 石油找到了一份满意的工作。过年回家时我询问母亲，“我想在毕业时看望一下刘吉教授，带什么礼物好呢？”母亲回答：“刘吉教授应该什么都不缺。当时你

得到了助学金的帮助，现在顺利毕业了，你看是不是该捐一些钱给基金会，这样教授可能会更加欣慰。”捐赠的念头便开始在我的脑海中越来越强烈。最终，我决定从 2015 年起连续五年以自己和母亲的名义分别向中欧教育发展基金会捐赠 2000 元和 1000 元，捐赠日定在每年的 4 月 26 日——2015 届 MBA 举行毕业典礼的日子。我觉得持续的捐赠更有意义。

我在给中欧基金会的一封信中写道，大约两年前的这个时候，我做出了人生最重要的决定，加入中欧的全职 MBA 课程，我的人生轨迹也因此改变。我一直感恩在我最需要帮助的时候，中欧基金会给予的支持和刘吉教授无私的帮助。这份感恩将激

励我在未来的工作中力争上游，努力成为一个优秀的人。

刘吉教授亲笔给我回了信，“转眼之间您已从中欧毕业了，又找到了自己满意的工作，踏上了人生更高的新起点，我深感高兴。在毕业喜庆的时刻，您首先感恩母校的培养，这是十分难能可贵的。钱的数量虽然不多，但这颗感恩的心是金子般的，是最值得赞许的。中欧为有您这样的毕业生而骄傲。请您继续努力，永远前进，工作上有困难时，请想着母校。我和中欧将继续帮助您。工作上取得每一步成功时，也请告诉我和母校，让大家分享您的欢乐！”

捐赠支持中欧只是一件小事，但它表达了我对学院和刘吉教授的感谢。这份回报是一种感恩，我想一直把它做下去。

When I graduated from Beijing Normal University seven or eight years ago, having majored in English, getting an MBA degree became a goal of mine. For the next four years or so, working at a foreign company, I consistently strived towards this goal. I passed the GMAT exam and attended the CEIBS MBA interview in 2013. Finally, I made it to Shanghai. With my dream so close, tuition costs became a heavy burden for me. I'm from a family of modest means and had only a few years of work experience. I didn't inform my parents until I was sure I'd been accepted to the programme. Then came the financial pressure.

I found different scholarships and grants for MBA students on the CEIBS website and decided to apply for a grant. Somewhat unexpectedly, I was fortunate enough to be awarded the Liuji Education Grant, which cut my tuition burden by half. This grant drove me to work harder than others.

During the 18-month MBA programme, I continued to march towards my dream. CEIBS courses enriched my insights with a comprehensive and systematic management knowledge and

changed my vision. I also made friends with students from around the world and learned to get along with people from diverse cultural backgrounds.

I landed a good job at BP before graduation. While at home for Spring Festival, I asked my mother: "What should I give to Professor Liu Ji as a 'thank you' when I graduate?" She said, "Professor Liu doesn't need anything. Since the grant helped you reach your goal, how about making a donation to the Foundation? That'll be a more meaningful gift to the Professor."

I took this suggestion to heart and pledged RMB 2,000 in my own name and an additional RMB 1,000 in my mother's name to CEIBS Education Foundation for five consecutive years, starting in 2015. I chose April 26 to make the donation, because this was the graduation ceremony date for the MBA class of 2015. I am convinced that recurring donations are more meaningful.

I wrote to the CEIBS Foundation that I had made the key decision

to apply for the CEIBS MBA programme about two years ago, a decision that changed my course of life. I'm grateful for the help given to me by the CEIBS Foundation and Professor Liu Ji, when I most needed it. This sense of gratitude spurs me on to work harder and improve myself.

Professor Liu wrote back to me personally, saying, "I'm truly delighted to see you graduate from CEIBS and find a good job. And for the new phase of your life that you have entered. I commend you for thanking the School upon graduation. The donation, regardless the amount, shows that you have a heart of gold. CEIBS is proud to have

a graduate like you. Please keep working hard and forging ahead. CEIBS and I will always support you in the face of any professional difficulty. We are also eager to hear from you and share your joy when you achieve success."

My donation to CEIBS might be minor, but it's my way of thanking the School and Professor Liu. I plan to keep on giving to CEIBS.

“

为什么要捐赠设立刘吉管理教育助学金呢？主要是因为当时中欧有奖学金，却没有助学金。大家知道，中欧 MBA 的学费很贵，对于那些经济能力有限的年轻人来说是很沉重的负担。当然可以向银行贷款，从中欧 MBA 毕业生的最低年薪和平均年薪来看，都有能力还清贷款。但对于那些来自贫困家庭的孩子来说，他们毕业之后还需要养家，父母也指望他们改善环境，让他们还两年债，显然就不合适了。我们希望这些孩子在学校时能够安心学习，毕业后也一身轻松，既为国家社会作贡献，又带领家庭脱贫致富，因此就成立了这个助学金，每年捐赠三个学生，到现在算下来应该有几十个学生了。总的来说，我们希望贫困的学生也有机会来中欧就读。中欧并不是贵族学校，我们是面向全社会的。因为真正优秀的人才，往往出身寒微。

记得有一次，一个获得过助学金资助的女孩在毕业时对我说，刘院长，将来等我有能力了一定会回报母校。我很欣慰看到她有这份感恩之心，也相信总有一天，她会实现自己的承诺。

*LIU JI
GRANT*

Why did I set up the Liu Ji Education Grant? Because at the time we had scholarships, but there were no grants. As we all know, MBA tuition fees are very high and can be a heavy burden for young people. Based on the average and minimum annual salary, our graduates will surely be able to pay off a loan. However, for those of modest means, they have to support their families when they graduate, and are counted on to improve their families' living standards. So it is difficult for them to repay the loan. We hope our students can focus on studying while they are at CEIBS, and graduate without a financial burden, so they can contribute to society and lift

their families out of poverty. That's why we set up a grant to help three students every year. So far, we've helped dozens of students. We want students of modest financial means to also have the chance to study here. Rather than being an elite school, CEIBS is open to all, because we know many talented people come from modest backgrounds. I remember one girl, a grant recipient, saying to me at graduation, "President Liu, I will repay the school when I can." I was touched by her gratitude. And I believe she will keep her word.

Every outstanding business school pursues the mission of creating and disseminating knowledge through its faculty. The growing faculty of CEIBS is committed to advancing the principles of ‘China depth, global breadth’ by combining world-leading management ideas with local practices. The faculty members teach and conduct research in China, keeping a finger firmly on the pulse of this most vibrant economy. The ability to propose new ideas and conduct innovative research in such a fast-growing, constantly changing economy reveals the School's core strength in research management.

To support the excellent faculty and cutting-edge research projects, more and more companies are sponsoring the Research Fund. This encourages CEIBS faculty to break new ground in research, and also to facilitate management practice and knowledge creation in China and on the world stage. Teaching and research projects with corporate partners are the areas of CEIBS that has garnered the strongest support.

The CEIBS Research Fund nurtures the spirit of research

innovation in the school. Thanks to the support of sponsors, CEIBS has achieved remarkable research results. The School's faculty published eight books, 70 cases, and 85 papers in 2016. Seven professors appeared on Elsevier's list of “Most Cited Chinese Researchers” and Prof. Ding Yuan's paper ranked the 10th among the Social Science Research Network's top downloads. Professor Zhu Xiaoming was named Honorary Professor of Special Seminars for Shanghai Municipal Leaders and Professor Zhao Xiande was named one of the most influential scholars in Operations Management for Asia. Several professors and their works won academic awards both within China and internationally.

CEIBS' research capabilities are also attributed to its various research centres. CEIBS first established research centres in 2001, with the goal of stepping up research on key areas. Presently, nearly 20 research centres and institutions have laid the groundwork for the school's academic research. They cover areas like globalisation of Chinese companies, studies of Central and Eastern Europe, wealth management, family heritage, digitalisation, internet finance, inclusive finance, supply chains and service innovation, as well as public health management and policies.

中国企业全球化研究中心

Centre for Globalisation of Chinese Companies

Founded in 2013, the Centre for Globalisation of Chinese Companies (CGCC) is a platform and think-tank, where Chinese companies, government authorities, financial institutions and academic communities conduct research on issues concerning the globalisation of Chinese companies from multiple perspectives. CGCC is supported by a dozen corporate partners, such as Evergreen Holding Group, WPG Holdings, Dian Diagnostics, BIOSIME (renamed as H&H INTL HLDG), Jinsheng Group, Liugong Machinery, Chervon Group, SFC Service, FD-JOHNSON, and AVIC International, as well as seven professors versed in cross-strategy, marketing, finance, HR, and organisational behavior.

There are three focuses in the CGCC's research: ideas and models of Chinese companies' global strategies; risk control in M&A; and integration in cross-culture M&A. The CGCC has produced over 20 quality cases such as Four Dimensions' Acquisition of JOHNSON Security, AVIC International's Acquisition of Continental Motors, and Chervon Group: Path to Upgrade in Quest of Internationalisation. The Centre collected its research results and published the book Path of Globalization: Cross-Border M&A and Integration of Chinese Companies in early 2017.

我第一次与中欧国际工商学院中国企业全球化研究中心的研究团队接触时，他们关于中国企业全球化方面的理论和实践研究就深深地吸引了我。他们的研究表明，中国的许多企业正在大规模地出海开启新征程，而值得关注的是，中国企业的全球化路径和许多商学院教的跨国企业的全球化路径并不一样。一个典型发达国家的跨国企业通常先在本国发展中取得竞争优势，例如研发和品牌方面的优势，然后把这些竞争优势应用到海外，甚至往往是复制这一竞争优势或者做些本土化适应。改革开放近 40 年，尽管中国企业发展迅速，但是在技术和品牌方面的积累还不够，尤其能够像西方发达国家的跨国企业那样直接复制国内的竞争优势和方法论并运用到海外的企业并不多。

中欧国际工商学院中国企业全球化研究中心的研究建议了一种更适合现阶段中国企业发展特征的国际化路径，即通过本土耕耘后，先去海外获得技术、资源或者企业经营的能力，然后结合本土市场应用，最终再寻求到海外市场扩张。这一理论的独特之处在于承认了中国市场足够大。因此，我们当前更为紧迫的目标是升级企业的能力，以及获得一些发展的关键资源。中国企业全球化研究中心的研究还对海外并购实践有一些独特的观察。在海外投资中，如何通过软实力和积极沟通展现出中国企业的长期愿景和价值观，对于中国企业家来说是一个需要着重学习和提升的地方。

中国企业在国际化中将要探索出符合本国特色和企业特色的全球化之路，这对我们的研究人员来说是一个重大的挑战，也是一个机遇。我相信中欧中国企业全球化对企业全球化提供了非常有益的经验 and 观点，对于想要走上全球化的中国企业和正在探索全球化的中国企业提供了非常有帮助的参考。

When I first interacted with the CGCC team, I was enthralled by their research on both theories and practices in the globalisation of Chinese companies. The research shows that many Chinese companies are going abroad to explore new markets. But what's noteworthy is that Chinese players follow a different path of globalisation from the ones taught in many business schools.

A typical multinational from a developed country often establishes a competitive edge through R&D or branding while being developed locally. It then applies this edge abroad or adapts the advantages to local conditions.

Despite the rapid development of Chinese companies over the 40 years since the country's period of reform and opening up began, their technology and branding capabilities still lag behind those of their developed-nation counterparts.

CGCC proposes a globalisation path in light of the characteristics of today's

RESEARCH

Chinese companies. The companies, after initially developing in China, should get technology, resources and operational expertise from abroad and apply these to the local market. Only then should they pursue expansion. This theory is unique, as it recognises that the Chinese market is sufficiently large. Thus the pressing goals are to upgrade the capacities of these companies and acquire key developmental resources. CGCC also offers insights into overseas M&A practices. Chinese entrepreneurs should learn how to show the long-term visions and values of their companies through soft power and positive communication when making international investments.

It is both a challenge and an opportunity for researchers to help Chinese companies explore globalisation prospects in line with corporate characteristics and Chinese conditions. I believe the CGCC has provided a useful experience and practicable ideas for Chinese companies that are eager to go globally.
